STATEMENT: From 1st January 2022 anyone wishing to register a Male Kid, will not be able to until that kid is 6 MONTHS of age, accompanied with two clear colour photographs, one of each side of the goat, together with a short VIDEO* showing the goat's mouth, teats, testicles, rear view, side views and of the goat walking. This Video will then be sent to 2 'A' listed Judges, who will decide and assess the goat for suitability for entering the PGC Herd Book. Should their decision be inconclusive a 3rd Judge will be called upon to make a final decision. Assessments can take place at shows wherever this is possible, if owners prefer, and 2 A listed Judges are present. (This will be carried out in the strictest confidence in an area away from other Exhibitors at the show). If a kid is ultimately deemed not suitable for the Herd Book it will be eligible to be entered into the Pet Record once it has been wethered. *Please see the VIDEO EXAMPLE on the website in the instructions for 'Registering Male Kids' under the Forms Menu.
